EDITORIAL PROGRAMME 2027

1 JANUARY / FEBRUARY / MARCH

Raw materials, adhesive joint design and composites

ADHESIVES & SEALANTS

Resins, polymers, additives and primers

Surface preparation and adhesion

Composites and adhesive joint design

CONSTRUCTION • WATERPROOFING • SURFACE PROTECTION

Waterproofing formulation

Liquid membranes, cementitious and resin-based systems

Compatibility with concrete, masonry and substrates

OTHER ADHESIVES

Packaging, paper converting and bookbinding

STRUCTURAL ADHESIVES FOR ALL SECTORS

AI & DIGITAL BONDING

TESTING & QUALITY

LABORATORY & PRODUCTION

ISSUE DISTRIBUTED AT EUROPEAN COATINGS SHOW 2027

Mobility: automotive, EVs, trains, underground rail systems and transportation

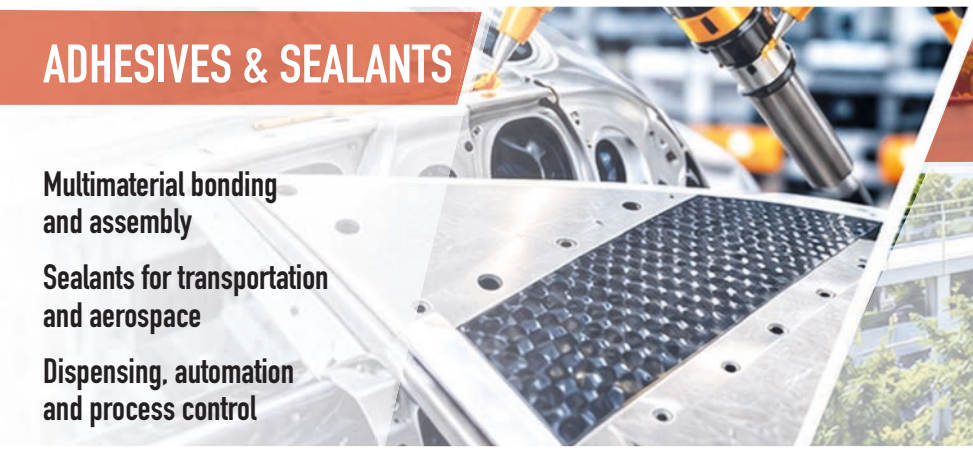

Automotive and electric mobility

Trains and underground rail systems

Aerospace

Industrial and logistics transport

ADHESIVES & SEALANTS

Multimaterial bonding and assembly

Sealants for transportation and aerospace

Dispensing, automation and process control

CONSTRUCTION • WATERPROOFING • SURFACE PROTECTION

Roofs, terraces, balconies and wet areas

Membranes, tapes and waterproofing accessories

Joints, penetrations and installation details

OTHER ADHESIVES

Adhesive tapes, labels and self-adhesive films

STRUCTURAL ADHESIVES FOR ALL SECTORS

AI & DIGITAL BONDING

EDITORIAL PROGRAMME 2027

3 JULY
AUGUST
SEPTEMBER

Marine, shipbuilding, mechanical engineering construction & infrastructure

- Marine and shipbuilding
- Industrial mechanical engineering
- Construction and façades
- Infrastructure

ADHESIVES & SEALANTS

- Structural adhesives and sealants for marine industry
- Industrial assembly and elastic joints
- Construction, façades, windows and infrastructure

CONSTRUCTION • WATERPROOFING • SURFACE PROTECTION

- Waterproofing of foundations and underground structures
- Protection of concrete and mineral surfaces
- Swimming pools, tanks, bridges and surface restoration

ADHESIVES & SEALANTS

- Wood, furniture, textiles, leather

STRUCTURAL ADHESIVES FOR ALL SECTORS

AI & DIGITAL BONDING

ISSUE DISTRIBUTED AT Paint & Coatings 2027

Next generation: sustainability, repairability & digital quality

Bio-based, circularity and renewable raw materials

Artificial intelligence and digital quality

Repairability, maintenance and end-of-life solutions

CONSTRUCTION • WATERPROOFING • SURFACE PROTECTION

Durability of waterproofing and protective systems

Aging, adhesion and crack-bridging capability

Leak detection and building renovation

OTHER ADHESIVES

New formulations and applications in non-structural sectors

STRUCTURAL ADHESIVES FOR ALL SECTORS

AI & DIGITAL BONDING

THE MAGAZINE FOR THE ENTIRE ADHESIVES, SEALANTS AND WATERPROOFING VALUE CHAIN

KNOWLEDGE
INNOVATION
PEOPLE
MARKETS
AROUND THE WORLD

WHO READS THE MAGAZINE

A professional community that brings together production, research, formulation, converting, distribution and industrial use

RAW MATERIAL MANUFACTURERS
Chemical companies and suppliers of raw materials, additives and specialty products.

ADHESIVE AND SEALANT FORMULATORS AND MANUFACTURERS
Development of formulations and industrial production.

CONVERTERS AND TRANSFORMERS
Processing, coating, lamination and converting tapes, filters and special products.

SPECIALIZED DISTRIBUTORS AND RESELLERS
Technical distribution and market support.

INDUSTRIAL END USERS
Application in manufacturing processes and in finished products.

LABORATORY TECHNICIANS AND QUALITY
Testing, analysis, quality control and performance validation.

RESEARCHERS, UNIVERSITIES AND RESEARCH CENTERS
Basic and applied research and development of new solutions.

TECHNICAL OFFICES AND R&D
Product design, development and application support.

PRODUCTION AND OPERATIONS MANAGERS
Process management, efficiency and technological innovation.

BUYER AND PURCHASING MANAGEMENT
Supplier selection, technical evaluation and purchasing management.

European Adhesives, Sealants & Waterproofing covers the entire ecosystem of adhesives, sealants and waterproofing products, from raw materials to formulation, from machinery and equipment to conversion and processing, from industrial applications to testing, up to research and end-of-life use. A qualified and authoritative source of information that enables companies to compare, develop new business opportunities and keep up to date on technologies and markets.

FROM CHEMISTRY TO THE MARKET
Complete and up-to-date information throughout the value chain, from raw materials to final applications.

TECHNICAL READERS AND DECISION MAKERS
A professional community that brings together technical expertise and decision-making roles.

KEY PLAYERS IN THE SUPPLY CHAIN
Comprehensive coverage of all industrial sectors that use adhesives, sealants and waterproofing products.

A BRIDGE BETWEEN RESEARCH AND INDUSTRY
A dialogue platform between the academic world, the industrial sector, across different industries and new collaborations

INDUSTRIAL SECTORS

COMPREHENSIVE COVERAGE, FROM RAW MATERIALS TO FINAL APPLICATIONS

MARINE AND SHIPBUILDING

AERONAUTICS AND AEROSPACE

AUTOMOTIVE AND TRANSPORTATION

METAL COATINGS AND INDUSTRIAL PROTECTION

PACKAGING, PAPER AND CONVERTING

CONSTRUCTION AND WATERPROOFING

ELECTRONICS AND SPECIAL TECHNOLOGIES

WOOD AND FORNITURE

ENERGY AND RENEWABLES

PLASTICS, RUBBER AND COMPOSITES

adesivi, sigillanti e impermeabilizzanti

THE MAGAZINE IN THE WORLD

An international reach serving the adhesives, sealants and waterproofing value chain

OUR MAIN AREAS

- Europe
- North America
- South America
- Middle East
- Asia-Pacific
- Africa
- Oceania

A global edition for stronger connections.

European Adhesives, Sealants & Waterproofing is the leading international magazine for the adhesives, sealants and waterproofing value chain. It addresses formulators, manufacturers, converters, distributors, technicians, researchers and industrial end-users, with a global perspective on markets, technologies, applications and trends, to provide qualified information, foster discussion and create new business opportunities.

SAME
PASSION
NEW
HORIZONS

INTERNATIONAL COVERAGE

Distribution in all major world markets, with a strong focus on Europe and an ever-growing presence on other continents,

INDUSTRIAL SECTORS COVERED

From the production of raw materials to formulation, from converting to distribution, up to final use in all industrial sectors.

NETWORD OF READERS AND OPERATORS

An international community of professionals, companies and research institutes that come together through update and authoritative contents

TECHNOLOGIES AND APPLICATIONS MARKETS

In-depth analysis of technologies, solutions and applications for the main industrial sectors, with a focus on market developments and regulatory trends.

DIALOGUE BETWEEN RESEARCH, INDUSTRY AND END-USERS

A meeting point between the academic world, industrial development and real-world applications, to promote innovation, sustainability and new collaboration opportunities.

MAIN APPLICATION SECTORS

PACKAGING | CONSTRUCTION AND BUILDING | AUTOMOTIVE | ELECTRONICS | MARINE AND SHIPBUILDING | WOOD AND FORNITURE | ENERGY
